Microsoft Surface

for education

limited time offer

For more information or to place an order within the United States, email storeBD@microsoft.com

Surface RT (32GB) - \$199 USD (estimated retail price is \$349)

Surface RT (32GB) with Touch Keyboard Cover - \$249 USD (estimated retail price is \$449)

Surface RT (32GB) with Type Keyboard Cover - \$289 USD (estimated retail price is \$479)

United States pricing (USD)

Microsoft Store is pleased to offer special pricing on Surface RT directly to schools and universities for a limited time through **September 30, 2013**.

Our mission in education is to help schools and universities, students and educators realize their full potential. One way we do this is by offering software, hardware and services at affordable prices to educational institutions.* Surface RT is a terrific tool for teaching and learning and we want educators and educational institutions to have the best technology on the market today.

* Including but not limited to Public Schools, Private or Charter Schools, Home Schools, Post education institutions and Authorized Educational purchasing agents not intended for reselling. Offer does Exclude Consumers, individual students and faculty using the device primarily for personal use.

Windows RT on Surface RT is great for learning with the thousands of Windows Store apps aligned with Common Core State Standards and Next Generation Science Standards. Internet Explorer on Windows RT provides full web support for the millions of educational websites that use Flash-based content for curriculum games, interactive lessons, and web video. With the addition of Microsoft Office 2013, students and teachers have the core applications needed for open learning and robust creative production. Microsoft is thrilled to see Surface RT used in schools to support the broad needs of curious creators and collaborative communities for Common Core State Standards and next-generation learning.

Because of the increasing popularity of Surface RT in education, Microsoft is working directly with Smarter Balanced Assessment Consortium (SBAC), the Partnership for Advancing Readiness for College and Career (PARCC), and their partners to enable formal state assessments on all Windows RT devices, including Surface RT. School leaders can have confidence that Windows RT will be ready for online, computer-based testing during the national rollouts by the respective assessment consortia. More information will be shared as it is available.

Surface RT for Schools and Universities

Microsoft Surface RT is a great choice for schools and universities who want powerful, affordable touch-enabled tablets for students, educators and staff. In addition to cutting edge hardware specs, Surface RT comes with many software and cloud features that will have educators and students teaching and learning in no time.

Microsoft Office Built-In

Included with Surface RT is Microsoft Office Home and Student 2013 RT, providing students and educators with the productivity tools they use most – Word, PowerPoint, Excel and OneNote – all optimized for a touch screen¹. Students can write reports, crunch numbers, take notes and present their findings with Surface RT – without having to install additional software. And with the upcoming free Windows RT 8.1 update, Outlook 2013 RT will be included for email, calendar, tasks and more.

Versatile Hardware

The HD display makes Surface RT ideal for reading digital textbooks and watching instructional videos. With a sturdy, built-in Kickstand, Surface RT can become more than a great tablet. The rear camera is angled, so students can record lectures when Surface is resting on a desk or table. Click in an attachable keyboard/cover and Surface RT lets students and educators work like they would on a laptop.

Great Battery and Easy to Carry

Get up to 8 hours of battery life with Surface RT. At only 1.5 lbs and .37 inches thin, Surface RT is about the size of a standard paper notebook, so it's easy for students to tote around anywhere on campus.

Reading Digital Textbooks and Multitasking

The 10.6" ClearType HD display makes reading easy on the eyes. Next generation digital textbooks come to life with 5-point multi-touch functionality. Crisp, clear text makes reading a joy. Unlike many other tablets, Surface RT is optimized for using two apps open side by side. Now, students can pull their notes up in OneNote alongside the article they're reading, or collaborate with classmates on Skype while creating a report in PowerPoint.

Expandable for Research, Presenting and Printing

Surface RT has two coveted ports: a USB port and a HD video out port². A USB port makes connecting a USB-enabled camera, wireless mouse or printer easy, even when there isn't Internet access available. Students can also use the USB port to share files with one another on a thumb drive. The video out port makes it simple for students to project their screen to any compatible monitor or HD TV.

With both front- and rear-facing 720p HD cameras, two microphones and stereo speakers, Surface RT is perfect for virtual classrooms, data collection and more.

Share between Multiple Users

Most schools need devices that can be shared between students. Surface RT allows multiple students to share the device by creating their own unique Microsoft Account. Settings adjust to the student when they log in using that account. This is perfect for mobile classrooms, or sharing devices between many students in a classroom or school.

Classroom in the Cloud

With Office 365 for Education and SkyDrive³, your school can extend the classroom into the cloud. Students and educators can collaborate in real time on homework, host virtual classes and tutoring sessions, store and share documents. Surface RT is the perfect tool for connecting to the virtual classroom from home and from school.

Communicate with Skype and Lync

Today schools are using Skype and Lync to host virtual classes, invite prominent speakers into classrooms, and connect with other schools from around the world. Lync when combined with Office 365 for Education is an enterprise-grade web meeting and collaboration solution that provides HD video conferencing, instant messaging and presenting content. Many students and schools choose Skype for its simplicity, high quality video and voice conference calls and very large user base. Both Lync and Skype are available as free downloads to use on Surface RT from the Windows Store.

Educational Apps

With over 20,000 educationally-relevant apps worldwide in the Windows Store from many of the biggest names in education – Khan Academy, K12 and leading publishers – there is an app for almost every subject.⁴ Microsoft has optimized the web browsing experience for HTML 5 and Flash, to ensure that the web works best with Windows.

In-Classroom Management and Security

Surface RT works with Windows Multipoint Server 2012 (sold separately) to provide in-classroom management and orchestration to ensure students are using their Surface RTs for learning and collaboration, instead of getting distracted with games or social media sites. In addition, parents of K-12 students can use the Family Safety feature for user account control, web filtering, monitoring PC activity and every Surface RT has device encryption.

With the free Windows RT 8.1 update, there will be improved support for Virtual Private Networks (VPN) and mobile device management (MDM) using AirWatch, MobileIron, Windows Intune or other OMADM-compatible providers.

Preparing Students and Educators for 21st Century Careers

As schools prepare students for college and their career, while ensuring educator skills stay current, professional training and development is critical to improving educational outcomes. Microsoft invests in the development of technical skills through Microsoft Partners in Learning and Microsoft IT Academy. Microsoft IT Academy (ITA) program provides institutions with industry-leading technology skills to help bridge the skills gap for students and increase productivity for teachers. Partners in Learning provides professional development and community resources for educators so they can better integrate technology into the curriculum. Schools can access the Partners in Learning Network for free and access introductory courses on Windows 8 and Office 2013 available in IT Academy.

Free Windows RT. 8.1 Update

The upcoming release of Windows RT 8.1 will include a number of major enhancements to user interface, Outlook 2013 RT, Mobile Device Management to support Microsoft and third party management solutions, improved VPN support and more. This major update is free for all Surface RT users.⁵

¹ Some features and programs unsupported. See <http://office.com/officeRT>.

² Cables and adapters sold separately.

³ Office 365 for Education (A2) version and SkyDrive are free, requires activation from Microsoft and ISP fees for download may apply.

⁴ Works exclusively with apps from the Windows Store.

⁵ Download required; ISP fees may apply.

Surface RT Technical Specifications:

OS	Windows RT; Microsoft Office Home and Student 2013 RT (Word, PowerPoint, Excel, and OneNote) ¹ . Works exclusively with apps available in the Windows Store or sideloaded.
Exterior	10.81 x 6.77 x 0.37in 1.5 lbs VaporMg casing Dark Titanium color Volume and Power buttons

Terms and conditions:

If your ship-to address is in the United States or Puerto Rico, the Terms and Conditions for the United States will apply and Microsoft will mean Microsoft Corporation.

United States

These Commercial Order Terms (also applicable to the Surface for Education orders) govern your purchase of each Microsoft Surface unit (i.e., either a package made up of one Surface device and a license to any Software shipped with that device, or a Surface accessory) ordered on the attached Commercial Order.

Surface for Education Terms.

- A. By submitting the Order form, I certify that I am an employee or authorized representative of the school or university ("Institution") listed on the Order form, and that this purchase is for institutional use. I acknowledge that false representations of employment or affiliation with the Institution listed in the Order form voids this offer, and the full price of the product(s) ordered will be due to Microsoft.
- B. Customer Eligibility. The offer is only eligible for purchases made directly by Educational Institutions personnel, employees or their representatives. No agents or resellers are eligible to be involved in the purchase transaction.
- C. Eligible Products. Only products listed in the "Microsoft Store Order Form" are eligible for the "Surface for Education" limited time offer and applicable program discounts. No other discounts may be applied or combined.
- D. Limited Time, Scope and Quantity Offer. The "Surface for Education" offer is valid in the US (including Puerto Rico) only from June 17, 2013 through September 30, 2013. Supply is limited to available stock. No rain checks will be issued.
- E. Order Eligibility and Verification. Customer is required to complete a "Microsoft Store Order Form" to be eligible for this promotion. Customer must confirm that (i) they are an employee or authorized representative of an Institution, and (ii) that purchases are for institutional use, and not for personal use. Customer agree that their status may be verified by Microsoft.
- F. Product Fulfillment. Microsoft Store retains the sole discretion on how orders may be fulfilled.
- G. Warranties. Only the Commercial Extended Service Plan is eligible to be offered or sold alongside products that are sold to educational institutions.

General Terms.

1. You agree to pay Microsoft the Commercial Order price for each Microsoft Surface unit that you order. Microsoft may decline or cancel any order at any time. Otherwise, Microsoft will deliver your order to you at your receiving dock at the U.S. Ship To address on the Commercial Order. You may not cancel any order once our order processing has begun. Any document you provide with additional terms (e.g., a purchase order) will not change or add to these Commercial Order Terms. Payment terms are net 45 days from the date of Microsoft's invoice, using the payment method (e.g., ACH transfer) that Microsoft reasonably requires. For payments over 45 days late, you will pay interest from the due date at the lesser of 2% per month or the legal maximum.
2. By taking any of the following actions, you accept the license terms that apply to the Software ("EULA"): (a) you sign and click "Submit" on the Commercial Order page (if the EULA is attached or available online), (b) you (or someone you authorize) break the seal on packaging of a Microsoft Surface unit that refers to the EULA, or (c) you use the Microsoft Surface unit or install, copy or otherwise use the Software. (If more than one software product is included in the Software—e.g., operating system software and a productivity software suite—then each product may have its own EULA.) YOU ARE NOT AUTHORIZED TO INSTALL OR USE THE SOFTWARE UNLESS YOU FIRST AGREE TO ITS EULA. IF YOU DO NOT WANT TO AGREE TO A EULA, RETURN THE MICROSOFT SURFACE UNIT UNUSED TO MICROSOFT FOR A FULL REFUND BEFORE YOU DO ANY OF THE THINGS LISTED IN (b)-(c) ABOVE. Each EULA is not part of these Commercial Order Terms, but each will control for purposes of its Software to the extent of any conflict with these Commercial Order Terms.
3. Microsoft will provide a Limited Warranty for the Surface device or accessory included in each Microsoft Surface unit, only as stated in a separate document that Microsoft provides (the Limited Warranty). You agree to the Limited Warranty by doing any of the following (despite anything that the Limited Warranty says to the contrary): (a) you sign and click "Submit" as indicated on the Commercial Order page (if the Limited Warranty is attached or available online), (b) you (or someone you authorize) break the seal on packaging of the Microsoft Surface unit that refers to the Limited Warranty, or (c) you use the Microsoft Surface unit purchased under these Order Terms. You agree that Microsoft may make the Limited Warranty available online, with the Microsoft Surface unit, or otherwise. DO NOT USE THE MICROSOFT SURFACE UNIT UNLESS YOU FIRST AGREE TO THE LIMITED WARRANTY. IF YOU DO NOT ACCEPT THE LIMITED WARRANTY, DO NOT USE THE MICROSOFT SURFACE UNIT. INSTEAD, RETURN IT UNUSED TO MICROSOFT. See www.microsoft.com/surface/warranty for more information. References to "retailers" in the Limited Warranty do not apply to Microsoft Surface units you purchase under these Order Terms. This Section 3 is superseded (to the extent of any conflicts) by any other support agreement you have with Microsoft that applies to Microsoft Surface units you purchase. Except as stated above in this Section 3 and except for Section 8 (arbitration), the Limited Warranty will control to the extent of any conflict with these Order Terms.
4. You may operate under these Order Terms through any of your affiliates that control, are controlled by, or are under common control with you. "Control" in this context means direct or indirect majority ownership or other power to direct affairs. You will give Microsoft the names of such affiliates if Microsoft asks for them. You are responsible for your affiliates' acts and omissions concerning these Order Terms as if they were your acts and omissions.
5. Prices on the Commercial Order exclude any sales or use taxes, duties, and other governmental charges (including any value added taxes) imposed on the sale of Microsoft Surface units and/or license of Software. You will pay Microsoft the shipping charges on the Commercial Order, and any such taxes, duties, and other governmental charges that you owe solely as a result of entering into these Commercial Order Terms and that Microsoft legally may collect from you. You may provide to Microsoft a valid exemption certificate, and then Microsoft will not collect the taxes covered by such certificate.
6. Damages Limitations: Your exclusive remedy for any breach of these Commercial Order Terms, and for any other cause of action of any nature relating to these Commercial Order Terms, is your actual damages incurred in reasonable reliance up to the amount you paid for the Microsoft Surface unit. Microsoft and its affiliates are not liable for any consequential, incidental, indirect, special, or punitive damages relating to these Commercial Order Terms, even if any of them knew such losses or damages were possible. The most that Microsoft and its affiliates can be liable for relating to these Commercial Order Terms for all claims, collectively, is the amount you actually paid for the Microsoft Surface unit (or other item or service) causing your damages. This Section 6 applies even if any remedy fails of its essential purpose. But, this Section 6 does not limit or change the Limited Warranty or any EULA. Some States or Provinces do not allow limitations on liability as stated above, so some or all of this limitation may not apply to you.
7. The laws of the State where You live govern the interpretation of this warranty, any claim that Microsoft has breached it, and all other claims (including consumer protection, unfair competition, implied warranty, and tort claims), regardless of conflict of law principles.
8. Binding Arbitration and Class Action Waiver for U.S. Customers
 - (a) Application. This section applies to any dispute EXCEPT IT DOES NOT INCLUDE A DISPUTE RELATING TO THE ENFORCEMENT OR VALIDITY OF YOUR, MICROSOFT'S, OR EITHER OF OUR LICENSORS' INTELLECTUAL PROPERTY RIGHTS. Dispute means any dispute, action, or other controversy between you and Microsoft concerning these Commercial Order Terms; the Microsoft Surface, accessory, or other items or services ordered through the Commercial Order (including their price); the order or its fulfillment; the Limited Warranty; or our relationship; whether in contract, warranty, tort, statute, regulation, ordinance, or any other legal or equitable basis. "Dispute" will be given the broadest possible meaning allowable under law.
 - (b) Notice of Dispute. In the event of a dispute, you or Microsoft must give the other a Notice of Dispute, which is a written statement that sets forth the name, address and contact information of the party giving it, the facts giving rise to the dispute, and the relief requested. You must send any Notice of Dispute by U.S. Mail to Microsoft Corporation, ATTN: LCA ARBITRATION, One Microsoft Way, Redmond, WA 98052-6399. A form is available at <http://go.microsoft.com/fwlink/?linkid=245499>. Microsoft will send any Notice of Dispute to you by U.S. Mail to your address if we have it, or otherwise to your e-mail address. You and Microsoft will attempt to resolve any dispute through informal negotiation within 60 days from the date the Notice of Dispute is sent. After 60 days, you or Microsoft may commence arbitration.
 - (c) Small Claims Court. You may also litigate any dispute in small claims court in your county or King County, Washington, if the dispute meets all requirements to be heard in the small claims court. You may litigate in small claims court whether or not you negotiated informally first.
 - (d) Binding Arbitration. If you and Microsoft do not resolve any dispute by informal negotiation or in small claims court, any other effort to resolve the dispute will be conducted exclusively by binding arbitration governed by the Federal Arbitration Act ("FAA"). You are giving up the right to litigate (or participate in as a party or class member) all disputes in court before a judge or jury. Instead, all disputes will be resolved before a neutral arbitrator, whose decision will be final except for a limited right of appeal under the FAA. Any court with jurisdiction over the parties may enforce the arbitrator's award.
 - (e) Class Action Waiver. Any proceedings to resolve or litigate any dispute in any forum will be conducted solely on an individual basis. Neither you nor Microsoft will seek to have any dispute heard as a class action, private attorney general action, or in any other proceeding in which either party acts or proposes to act in a representative capacity. No arbitration or proceeding will be combined with another without the prior written consent of all parties to all affected arbitrations or proceedings.
 - (f) Arbitration Procedure. Any arbitration will be conducted by the American Arbitration Association (the "AAA") under its Commercial Arbitration Rules. If the value of the dispute is \$75,000 or less, its Supplementary Procedures for Consumer-Related Disputes will also apply even though you are not an individual and do not use the Microsoft Surface or accessory for personal or household use. For more information, see www.adr.org or call 1-800-778-7879. To commence arbitration, submit the form available at <http://go.microsoft.com/fwlink/?linkid=245497> to the AAA. You agree to commence arbitration only in your county or in King County, Washington. Microsoft agrees to commence arbitration only in your county. You may request a telephonic or in-person hearing by following the AAA rules. In a dispute involving \$10,000 or less, any hearing will be telephonic unless the arbitrator finds good cause to hold an in-person hearing instead. The arbitrator may award the same damages to you individually as a court could. The arbitrator may award declaratory or injunctive relief only to you individually, and only to the extent required to satisfy your individual claim.
 - (g) Arbitration Fees and Incentives.
 1. Disputes Involving \$75,000 or Less. Microsoft will promptly reimburse your filing fees and pay the AAA's and arbitrator's fees and expenses. If you reject Microsoft's last written settlement offer made before the arbitrator was appointed ("Microsoft's last written offer"), your dispute goes all the way to an arbitrator's decision (called an "award"), and the arbitrator awards you more than Microsoft's last written offer, Microsoft will give you two incentives: (i) pay the greater of the award or \$5,000; and (ii) reimburse any expenses (including expert witness fees and costs) that your attorney reasonably accrues for investigating, preparing, and pursuing your claim in arbitration. The arbitrator will determine the amount of fees, costs, and expenses unless you and Microsoft agree on them.
 2. Disputes Involving More Than \$75,000. The AAA rules will govern payment of filing fees and the AAA's and arbitrator's fees and expenses.
 3. Disputes Involving Any Amount. In any arbitration you commence, Microsoft will seek its AAA or arbitrator's fees and expenses, or your filing fees it reimbursed, only if the arbitrator finds the arbitration frivolous or brought for an improper purpose. In any arbitration Microsoft commences, Microsoft will pay all filing, AAA, and arbitrator's fees and expenses. Fees and expenses are not counted in determining how much a dispute involves.
 - (h) Conflict with AAA Rules. These Commercial Order Terms govern to the extent they conflict with AAA's Commercial Arbitration Rules and Supplementary Procedures for Consumer-Related Disputes.
 - (i) Claims or Disputes Must Be Filed Within One Year. To the extent permitted by law, any claim or dispute must be filed within one year in small claims court (Section 8(c)), an arbitration proceeding (Section 8(d)), or in court, if Section 8 permits the dispute to be filed in court instead of arbitration. The one-year period begins when the claim or Notice of Dispute first could be filed. If a claim or dispute is not filed within one year, it is permanently barred.
 - (j) Severability. If the class action waiver in Section 8(e) is found to be illegal or unenforceable as to all or some parts of a dispute, then it will not apply to those parts. Instead, those parts will be severed and proceed in a court of law, with the remaining parts proceeding in arbitration. If any other provision of Section 8 is found to be illegal or unenforceable, that provision will be severed with the remainder of this Section 8 remaining in full force and effect.
9. These Commercial Order Terms are your entire agreement with Microsoft concerning Microsoft Surface units and other items or services that you order through the Commercial Order. They supersede any prior or contemporaneous communications between us on that subject. But they do not supersede the Limited Warranty or any EULA.

For more information or to place an order, email StoreBD@microsoft.com
